Comments/additional requests:

IMPORTANT UPPER SCHOOL REMINDERS:

- At the start of the school year, there will be a three (3) week add/drop period in which students may decide to withdraw from courses and possibly make different selections; changes in schedule require parent and administration approval.
- All schedule offerings & requests are subject to change per teacher recommendation & availability, academic need, school enrollment, and overall student interest.
- All students will automatically have weekly scheduled Tutor Study (TS) periods.
- If a student receives a 73% or lower in a math course, they may need to repeat the course. Failing grades will result in the need to complete credit recovery for student advancement.
- At high school level, rigorous AP/CHS courses require summer work, maturity, and dedication; consult with your advisor, Mrs. Cischke, and appropriate teachers for information and recommendations. AP students are not required to take AP Spring exams; separate sign-up and payment for those exams is done in the fall.
- For course descriptions and additional academic information, refer to ECA's Course Catalog: edenchristianacademy.org
- Mrs. Brenda Cischke: bcischke@edenca.org (Director of College & Career Counseling)
- Mrs. Sierra Bowman: sbowman@edenca.org (Upper School Registrar)
