

ECA Summer Reading Program

How do you get better at reading? By reading, of course! Research has repeatedly shown a high correlation between reading and academic success. Jane Healy in Endangered Minds suggests that language shapes brains and therefore reading experiences help to develop the brain of young children.

Eden will again have a Summer Reading Program for all students entering first grade through sixth grade. Your child is welcome to participate in all or none of the following summer reader prizes. Simply read the required amount of books (or pages) and then log on the attached reading log with parent signature. Possible prizes are:

1. **Chick-Fil-A**- Coupons awarded at beginning of school year. Send Eden's Summer Reading Log (attached) to school our first week back.
2. **Applebees**- Coupons awarded at beginning of school year. Students will receive a "Books are a Blast Reward Card" for a free kids meal *or* mozzarella sticks. Send Eden's Summer Reading Log (attached) to school our first week back.
3. **Barnes & Noble Imagination Destination**- Bring the completed and signed Barnes & Noble reading form (attached) to your local Barnes & Noble Store between May 15th & September 3rd, 2018. Present it to an employee, & they will let your child choose a book from the free book list. (NOTE: Barnes & Noble requires 8 books.)
